

With your Mercer affiliation comes access to all circulating materials and online resources subscribed to by MUSM Skelton Medical Libraries as well as the reference services of our librarians.

Meet your campus librarians! We are eager to lend a helping hand with any of your info needs.

eResources

ALWAYS start from our homepage. Go to med.mercer.edu/library or scan QR code. From here, you can search our eResources in a variety of ways via the discovery tool. Click into [Databases](#) for a complete list of databases and clinical reference tools available to you.

You will not be prompted to sign in until accessing subscribed content. When directed, select "Preceptors." Contact your campus librarian for login credentials if unknown.

Popular Databases

- PubMed
- Web of Science
- EMBASE
- DynaMed
- Complete Anatomy

Interlibrary Loan

Need an article, book, or other that we don't have? Submit your request via [Clio](#) after initial account registration or email as a list to illmedlibrary@mercer.edu containing publication information, recipient contact info, and desired delivery route.

Research Services

Schedule a one-on-one consultation for research and publication assistance and/or reserve an individual study or collaboration room for research purposes. Go to medicine-mercer.libcal.com or scan QR code.

Literature searches are performed for the health sciences and related fields, with results typically provided within 24 hours.
